**2. HAZARDS IDENTIFICATION**

**Emergency Overview**

Appearance: liquid, fruity, light yellow

DANGER! Toxic by skin absorption, Corrosive to skin, Corrosive to eyes.

**Potential Health Effects**

**Routes of Exposure**

Inhalation, Skin absorption, Skin contact, Eye Contact, Ingestion

**Eye Contact**

Causes eye burns. Additional symptoms of eye exposure may include: halo vision (blurred vision around bright objects)

**Skin Contact**

Can cause permanent skin damage. Symptoms may include redness, burning, and swelling of skin, burns, and other skin damage. Additional symptoms of skin contact may include: allergic skin reaction (delayed skin rash which may be followed by blistering, scaling and other skin effects) Passage of this material into the body through the skin is possible, and skin contact may be harmful.

**Ingestion**

Swallowing this material may be harmful or fatal. Symptoms may include severe stomach and intestinal irritation (nausea, vomiting, diarrhea), abdominal pain, and vomiting of blood. Swallowing this material may cause burns and destroy tissue in the

# ASHLAND

## SAFETY DATA SHEET

Page: 2  
Revision Date: 04/03/2007  
Print Date: 4/24/2007  
MSDS Number: R0405980  
Version: 1.

CAR BRITE® NATURE'S CITRUS  
CLEANER CLEANER CBOOE013C03

mouth, throat, and digestive tract. Low blood pressure and shock may occur as a result of severe tissue injury.

### Inhalation

Breathing of vapor or mist is possible. Breathing this material may be harmful or fatal. Symptoms may include severe irritation and burns to the nose, throat, and respiratory tract. Symptoms are not expected at air concentrations below the recommended exposure limits, if applicable (see Section 8.).

### Aggravated Medical Condition

Preexisting disorders of the following organs (or organ systems) may be aggravated by exposure to this material: skin, lung (for example, asthma-like conditions), liver, kidney, heart

### Symptoms

Signs and symptoms of exposure to this material through breathing, swallowing, and/or passage of the material through the skin may include: stomach or intestinal upset (nausea, vomiting, diarrhea), irritation (nose, throat, airways), cough, headache, dizziness, central nervous system depression (dizziness, drowsiness, weakness, fatigue, nausea, headache, unconsciousness), nervousness, difficult breathing, lung edema (fluid buildup in the lung tissue). Exposure to this product (or a component) may cause an allergic reaction (narrowing of the air passages of the lungs resulting in difficult breathing, tightness in the chest, coughing and wheezing) in some sensitive individuals. Other symptoms of an allergic reaction may include itchy and watery eyes, runny and stuffy nose, sweating, flushing, hives, rapid heart rate, and lowered blood pressure.

### Target Organs

Exposure to this material (or a component) has been found to cause kidney damage in male rats. The mechanism by which this toxicity occurs is specific to the male rat and the kidney effects are not expected to occur in humans. Frequent ingestion of silicates over long periods of time is associated with the formation of stones in the kidney and urinary tract in humans. Overexposure to this material (or its components) has been suggested as a cause of the following effects in laboratory animals: kidney damage, liver damage, heart damage

### Carcinogenicity

This material is not listed as a carcinogen by the International Agency for Research on Cancer (IARC), the National Toxicology Program (NTP), or the Occupational Safety and Health Administration (OSHA). d-Limonene caused kidney cancer in male rats, but not in female rats or in mice of either sex, when given to the animals through a feeding tube. The relevance of this finding to humans is uncertain.

CAR BRITE® NATURE'S CITRUS  
CLEANER CLEANER CBOOE013C03

### Reproductive Hazard

This material (or a component) has been shown to cause harm to the fetus in laboratory animal studies. The relevance of these findings to humans is uncertain.

### Other Information

No data

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Components                                     | CAS-No.                     | Concentration |
|------------------------------------------------|-----------------------------|---------------|
| SODIUM XYLENE SULFONATE                        | 1300-72-7                   | >=5-<10%      |
| INORGANIC SALT                                 | NJTS#<br>254504001-<br>5179 | >=5-<10%      |
| MONOETHANOLAMINE                               | 141-43-5                    | >=1.5-<5%     |
| SURFACTANT                                     | NJTS#<br>254504001-<br>5149 | >=1.5-<5%     |

## 4. FIRST AID MEASURES

### Eyes

If material gets into the eyes, immediately flush eyes gently with water for at least 15 minutes while holding eyelids apart. If symptoms develop as a result of vapor exposure, immediately move individual away from exposure and into fresh air before flushing as recommended above. Seek immediate medical attention.

### Skin

Immediately flush skin with water for at least 15 minutes while removing contaminated clothing and shoes. Seek immediate medical attention. Wash clothing before reuse and decontaminate or discard contaminated shoes.

### Ingestion

Seek immediate medical attention. Do not induce vomiting. Vomiting will cause further damage to the mouth and throat. If individual is conscious and alert, immediately rinse mouth with water and give milk or water to drink. If possible, do not leave individual unattended.

## SAFETY DATA SHEET

CAR BRITE® NATURE'S CITRUS  
CLEANER CLEANER CBOOE013C03

Page: 4  
Revision Date: 04/03/2007  
Print Date: 4/24/2007  
MSDS Number: R0405980  
Version: 1.

### Inhalation

If symptoms develop, immediately move individual away from exposure and into fresh air. Seek immediate medical attention; keep person warm and quiet. If person is not breathing, begin artificial respiration. If breathing is difficult, administer oxygen.

### Notes to Physician

**Hazards:** No information available.

**Treatment:** No information available.

## 5. FIRE-FIGHTING MEASURES

### Suitable Extinguishing Media

Agents approved for class B hazards or water fog., alcohol-resistant foam, carbon dioxide (CO<sub>2</sub>), dry chemical

### Hazardous Combustion Products

May form: carbon dioxide and carbon monoxide, various hydrocarbons

### Precautions for Fire-Fighting

No special fire hazards are known to be associated with this product. Wear full firefighting turn-out gear (full Bunker gear), and respiratory protection (SCBA).

## 6. ACCIDENTAL RELEASE MEASURES

### Personal Precautions

For personal protection see section 8. Eliminate all sources of ignition such as flares, flames (including pilot lights), and electrical sparks.

### Environmental Precautions

Prevent run-off to sewers, streams or other bodies of water. If run-off occurs, notify proper authorities as required, that a spill has occurred.

### Methods for Cleaning Up

Absorb liquid on vermiculite, floor absorbent or other absorbent material. Persons not wearing protective equipment should be excluded from area of spill until clean-up has been completed. Stop spill at source, dike area of spill to prevent spreading, pump liquid to salvage tank. Remaining liquid may be taken up on sand, clay, earth, floor absorbent, or other absorbent material and shoveled into containers.

## 7. HANDLING AND STORAGE

# ASHLAND

## SAFETY DATA SHEET

Page: 5  
Revision Date: 04/03/2007  
Print Date: 4/24/2007  
MSDS Number: R0405980  
Version: 1.

CAR BRITE® NATURE'S CITRUS  
CLEANER CLEANER CBOOE013C03

### Handling

Containers of this material may be hazardous when emptied. Since emptied containers retain product residues (vapor, liquid, and/or solid), all hazard precautions given in the data sheet must be observed. Warning. Sudden release of hot organic chemical vapors or mists from process equipment operating at elevated temperature and pressure, or sudden ingress of air into vacuum equipment, may result in ignitions without the presence of obvious ignition sources. Published "autoignition" or "ignition" temperature values cannot be treated as safe operating temperatures in chemical processes without analysis of the actual process conditions. Any use of this product in elevated temperature processes should be thoroughly evaluated to establish and maintain safe operating conditions.

### Storage

Store in closed containers in a dry, well-ventilated area.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

### Exposure Guidelines

| MONOETHANOLAMINE |                            | 141-43-5 |
|------------------|----------------------------|----------|
| ACGIH            | time weighted average      | 3 ppm    |
| ACGIH            | Short term exposure limit  | 6 ppm    |
| NIOSH            | Recommended exposure limit | 3 ppm    |
|                  | (REL):                     |          |
| NIOSH            | Recommended exposure limit | 8 mg/m3  |
|                  | (REL):                     |          |
| NIOSH            | Short term exposure limit  | 6 ppm    |
| NIOSH            | Short term exposure limit  | 15 mg/m3 |
| OSHA Z1          | Permissible exposure limit | 3 ppm    |
| OSHA Z1          | Permissible exposure limit | 6 mg/m3  |

### General Advice

These recommendations provide general guidance for handling this product. Personal protective equipment should be selected for individual applications and should consider factors which affect exposure potential, such as handling practices, chemical concentrations and ventilation. It is ultimately the responsibility of the employer to follow regulatory guidelines established by local authorities.

### Exposure Controls

Provide sufficient mechanical (general and/or local exhaust) ventilation to maintain exposure below TLV(s).

Revision Date: 04/03/2007  
Print Date: 4/24/2007  
MSDS Number: R0405980  
Version: 1.

CAR BRITE® NATURE'S CITRUS  
CLEANER CLEANER CBOOE013C03

### Eye Protection

Chemical splash goggles and face shield (8" min.) in compliance with OSHA regulations are advised; however, OSHA regulations also permit other type safety glasses. (Consult your industrial hygienist.)

### Skin and Body Protection

Wear impervious gloves (consult your safety equipment supplier). To prevent skin contact, wear impervious full-body protective clothing. Other protective equipment: eyewash station, emergency shower.

### Respiratory Protection

If workplace exposure limit(s) of product or any component is exceeded (see exposure guidelines), a NIOSH-approved air supplied respirator is advised in absence of proper environmental control. OSHA regulations also permit other NIOSH respirators (negative pressure type) under specified conditions (see your industrial hygienist). Engineering or administrative controls should be implemented to reduce exposure.

Stable.

### Conditions to Avoid

### Incompatible Products

Avoid contact with: acids, aluminum, ammonium salts, lead, strong oxidizing agents, strong reducing agents, tin, water, zinc

### Hazardous Decomposition Products

May form: carbon dioxide and carbon monoxide, various hydrocarbons

### Hazardous Reactions

Product will not undergo hazardous polymerization. Can react with chemically reactive metals, such as aluminum, zinc, magnesium, copper, etc., to release hydrogen gas which can form explosive mixtures with air.

### Thermal Decomposition

No data

## 11. TOXICOLOGICAL INFORMATION

### Acute Oral Toxicity

|                         |                        |
|-------------------------|------------------------|

### 13. DISPOSAL CONSIDERATIONS

#### Waste Disposal Methods

Dispose of in accordance with all applicable local, state and federal regulations. Do not discharge effluent containing this product into lakes, streams, ponds or estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit, and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA. For assistance with your waste management needs - including disposal, recycling and waste stream reduction, contact Ashland Distribution's Environmental Services Group at 800-637-7922.
