

Safety Data Sheet

Complies with OSHA's Hazard Communication Standard, 29 CFR 1910.1200. Standard must be consulted for specific requirements.

IDENTITY (as Used on Label and List): Glass Rescue	RECOMMENDED USE: Cleaning paste for various surfaces
--	---

Section I – Identification

Diamon-Fusion International, Inc.	For Emergencies: CHEMTREC – (800) 424-9300
9361 Irvine Boulevard	For Information: (949) 388-8000
Irvine, CA 92618	Date Prepared: June 2015

Section II – Hazard(s) Identification

Hazard Classification	Non-flammable liquid. May be irritating to eyes and skin
Signal Word	Warning
Hazard Statement(s)	Non-flammable liquid. May be irritating to eyes and skin.
Pictogram(s)	
Precautionary Statement(s)	Wear protective gloves / eye protection
Hazards Not Otherwise Classified	None

Section III – Composition/Information on Ingredients

Hazardous Components (Specific Chemical Identity, Common Name(s))	CAS Number	% (optional)
Cerium Oxide	1306-38-3	5 – 10
Diatomaceous Earth	61790-53-2	20 – 50
Bentonite	1302-78-9	2 – 5
Water	7732-18-5	20 – 25
Proprietary Blend of Pumice	N/A	
And Nonhazardous Components	5329-14-6	10 – 53

Specific chemical identities and/or exact percentage (concentration) of some compositions have been withheld as a trade secret

Section IV – First Aid Measures

Necessary First Aid Measures

Eye contact	Avoid contact; if contact occurs, rinse thoroughly with water immediately and obtain medical attention if condition persists.
Inhalation	Avoid breathing; if inhalation occurs, move into fresh air and obtain medical attention if condition persists
Skin Contact	Avoid contact; if contact occurs, thoroughly wash affected areas immediately with soap and water and obtain medical attention if condition persists
Ingestion	Do not ingest for any reason; if ingestion occurs, rinse out mouth and drink plenty of water. Do NOT induce vomiting; call for medical help immediately.

<u>Most important Symptoms or Effects (Acute/Delayed)</u>	
Eye Contact	Irritant to eyes
Inhalation	Breathing difficulty
Skin contact	Irritant to skin and mucous membranes
Ingestion	Cramping, Nausea and danger of gastric perforation

Section V – Fire Fighting Measures

Extinguishing Equipment

Suitable Equipment	Use fire extinguishing methods suitable to surrounding conditions
Unsuitable Equipment	None Known

Other Information

Specific Hazards	Formation of toxic gases is possible during heating or in case of fire
Special Protective Recommendations	Eliminate all ignition sources if safe to do so.
Special Protective Equipment Required	Wear self-contained respiratory protective device. Wear fully protective suit.

Section VI – Accidental Release Measures

Protective Equipment, Personal Precautions, and Emergency Procedures

Non-Emergency Personnel	Evacuate unnecessary personnel.
Emergency Personnel	Wear protective devices. Ensure adequate ventilation.
Environmental Precautions	Act in accordance with all applicable local, regional, and/or national regulations

Containment Measures/Clean-Up Procedures

Spills	See Section I for emergencies and Section XIII for waste disposal
--------	---

Section VII – Handling and Storage

Precautions for Safe Handling	Avoid contact with skin or eyes. Do not inhale. Keep container tightly closed
Provisions for Safe Storage	Store in cool, dry place in tightly closed receptacles. Keep away from sunlight. Product will degrade with age.

Section VIII – Exposure Controls/Personal Protection

Permissible Exposure Limits

Cerium Oxide	ACGIH 10mg/ m3 (Amorphous silica)
Diatomaceous Earth	PEL (USA) 20mppcf or 80mg/m3 /%SiO2 REL (USA) Long-term value: 6 mg/m ³ See Pocket Guide App. C TLV (USA) TLV withdrawn EL (Canada) Long-term value: 4* 1,5** mg/m ³ *total, **respirable EV (Canada) Long-term value: 10* 3** mg/m ³ uncalcined; *inhalable;**respirable
Appropriate Engineering Controls:	No special procedure required

Personal Protective Measures

Eyes	Protective eye ware
Skin	Protective gloves
Hygiene	Wash hands and other areas in contact thoroughly after handling. Keep away from foodstuffs, beverages and feed.
Respiratory	Not required under normal conditions and use

Section IX – Physical and Chemical Properties

Boiling Point	100 °C	Appearance and Odor	Viscous Liquid / None
pH	6.0 – 7.0	Flash Point	Not Applicable
Relative Density	1.0 – 1.1 g/cm ³	Melting Point	Not determined
Vapor Pressure (mm Hg)	Not applicable	Solubility	Soluble in water
Vapor Density at 20 °C	Not applicable	Evaporation Rate (Butyl Acetate = 1)	Not applicable
Auto-Ignition Temperature	Not applicable	Decomposition Temperature	Not determined
Viscosity	Not applicable	Evaporation Rate	Not applicable
Flammability	Not determined	Upper/Lower Explosive Limits	Not determined
Freezing Point	Not determined	Partition Coefficient: n-octanol/water	Not determined

Section X – Stability and Reactivity

Reactivity	No additional information available
Stability	Stable
Possibility of Hazardous Reactions	None under normal conditions and use
Conditions to be Avoided	Heat
Incompatible Materials	Reacts with Alkali and strong oxidizing agents
Hazardous Decomposition Products	Sulphur oxides (Sox), Nitrogen oxides (NOx), Ammonia

Section XI – Toxicological Information

Likely Routes of Exposure	Inhalation. Ingestion. Skin. Eyes.
Immediate Effects of Short Term Exposure	Irritant to skin and mucous membranes. Eye irritant.
Immediate Effects of Long Term Exposure	None
Chronic Effects of Short Term Exposure	None
Chronic Effects of Long Term Exposure	None
Symptoms Related to Exposure	Swallowing will lead to strong caustic effect on mouth and throat and to the danger of perforation of esophagus and stomach.

Toxicity

<i>Product/Ingredient Name</i>	<i>Result/Species</i>	<i>Dose</i>	<i>Exposure</i>
Sulphamic Acid	LD50 Oral/Rat	3160 mg/kg	--

Carcinogenicity

<i>Product/Ingredient Name</i>	<i>OSHA</i>	<i>NTP</i>	<i>IARC</i>
Sulphamic Acid	None	None	None

Section XII – Ecological Information

Toxicity	Not Available
Persistence/Degradation	Not Available
Bioaccumulation Potential	Not Available
Soil Mobility	Not Available
Other Adverse Effects	Aquatic toxicity: The product contains materials that are harmful to the environment.

Section XIII – Disposal Considerations

Disposal Methods/Recommendations	Dispose in a safe manor in accordance with local/national regulations.
----------------------------------	--

Section XIV – Transport Information (DOT Classification)

UN Number	Not Regulated
UN Proper Shipping Name	Not Regulated
Transport Hazard Class(es)	Not Regulated
Packing Group Number	Not Regulated
Additional Information	Follow all regulations in your country
Special Precautions	None

Section XV – Regulatory Information

US Regulations	Not Determined
International Regulations	Not Determined

Section XVI – Other Information

Preparation/Revision Date	June 2015
Disclaimer	The information above is believed to be accurate and represents the best information currently available. No warranty, express or implied, is made and we assume no liability for its accuracy and/or completeness.
