BLACKFIRE One Step SAFETY DATA SHEET

Page 1 of 6
Revision 2
Revision date 05/25/2015

SECTION 1: Identification of substance/mixture and of the company/undertaking

TRADE NAMES: BLACKFIRE One Step **** CONFIDENTIAL ****
PRODUCT NUMBER: BF-900

1.2 Relevant identified uses of the substance or mixture and uses advised against

Product Use	Removes swirls, dullness, and mild oxidation from paint
-------------	---

1.3 Details of the supplier of the safety data sheet

Company Address	Palm Beach Motoring Group 7744 SW Jack James Drive Stuart, FL 34997
Web	www.palmbeachmotoring.net
Telephone	(800) 869-3011
Email Address	info@palmbeachmotoring.net

1.4 Emergency Telephone number

Emergency Telephone Number Company	1 - (800) -ChemTrec
------------------------------------	---------------------

SECTION 2: Hazards Identification

2.1 Classification of the substance or mixture

Hazard Class & Category Codes	Hazard Statement Codes	Pictograms & Signal Words
	H302 Harmful if swallowed. H315 Causes skin irritation H319 Causes serious eye irritation.	Warning 

2.2 Label Elements

Signal word (GHS-US)	Danger
Precautionary statements Codes: (GHS-US)	Precautionary Statements
P264	Wash hands thoroughly after handling/
P270	Do not eat, drink, or smoke when using this product.
P280	Wear protective gloves and eye protection
P301 + P312	IF SWALLOWED: Call a POISON CENTER or a doctor/physician if you feel unwell.

BLACKFIRE One Step (BF-900)

PBMG

Palm Beach Motoring Group

P330	Rinse mouth.
P302 + P352	IF ON SKIN: Wash with plenty of soap and water.
P321	Use moisturizing cream.
P332 + P313	If skin irritation occurs: Get medical attention.
P362	Take off contaminated clothing and wash before reuse.
P305 + P351 + P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P337 + P313	If eye irritation persists: Get medical attention.

2.3. Other hazards

	none
--	------

SECTION 3: Composition/information on ingredients

3.1 Substance

	Not applicable
--	----------------

3.2 Mixtures

Chemical Name	Index No.	CAS	EC No.	Reach Registrati on number	Conc. (%w/w)	Classification	M-Factor
Deionized Water		7732-18-5	231-792-2		45-52 %		
Petroleum Distillates		64742-47-8	N/A		25-29%		
Aluminum Oxide (non fibrous)		1344-28-1	N/A		9-15%		
Glycerine		56-81-5	N/A		1-5%		
Montanic acid ester		73138-45-1	N/A		<3		
Polydimethylsiloxane-Biodegradable		63148-62-9	N/A		3-7%		

Additional Information: For the working of the listed risk phrases refer to section 16.

SECTION 4: First Aid Measures

4.1 Description of first aid measures

General information	No special measures required.
Inhalation:	If affected, remove individual to fresh air. If breathing is difficult, administer oxygen. If breathing has stopped, give artificial respiration. Keep person warm, calm, and get medical attention
Eye Contact:	Flood with large amounts water at least 20 min.; get immediate medical attention if irritation persists. Can cause irritation, redness, tearing, and blurred vision.
Skin Contact:	Flush exposed area with water. If skin irritation continues, consult a doctor.
Ingestion:	Do NOT induce vomiting. If person is conscious, give water. Get medical attention.

BLACKFIRE One Step (BF-900)

PBMG

Palm Beach Motoring Group

4.2 Most important symptoms and effects, both acute and delayed

Inhalation:	See Above
Eye Contact:	See Above
Skin Contact:	See Above
Ingestion:	See Above

4.3 Indication of any immediate medical attention and special treatment needed

	No further relevant information available.
--	--

SECTION 5: Fire & Explosion Hazard Data

5.1 Extinguishing media

Suitable extinguishing media	Carbon dioxide (CO2) water spray. Dry chemical foam can be used to cool fire-exposed containers. Evacuate area in case of overheating or fire.
Unsuitable extinguishing media	None

5.2 Special Hazards arising from the substance or mixture

	In a fire or if heated, a pressure increase will occur and the container may burst.
--	---

5.3 Advice for firefighters

Protection	Self-contained breathing apparatus and protective clothing should be worn in fighting fires involving chemicals. Evacuate area in case of overheating or fire. Vapors are heavier than air and may travel to a source of ignition and flash back. Static electricity will accumulate and may ignite vapors.
------------	---

SECTION 6: Accidental Release Measures

6.1 Personal precautions, protective equipment and emergency procedures

General measures	Protective equipment and emergency procedures not required.
------------------	---

6.2. Environmental precautions

	Do not allow to enter sewers/ surface or ground water. Do not allow to penetrate the ground/soil.
--	--

6.3. Methods and material for containment and cleaning up

	Sections 13 and 15 of this MSDS provide information regarding certain Federal and local requirements. Collect for disposal. Clean up remaining materials from spill with suitable absorbent. For large spills provide diking or other appropriate containment to keep material from spreading. If diked material can be pumped, store recovered material in appropriate container. Clean area as appropriate as some silicone material, even in small quantities, may present a slip hazard. Final cleaning may require steam, solvents or detergents. Observe all personal protection equipment recommendations described in Sections 5 and 8 of this MSDS. Observe all Federal and government regulations that may apply to the cleanup of this material.
--	---

PBMG

Palm Beach Motoring Group

SECTION 7: Handling & Storage

7.1. Precautions for safe handling

	No special precautions are necessary if used correctly.
Information about fire & explosion protection	No special measures required.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions	Keep container tightly closed.
Incompatible products	Do not store together with oxidizing and acidic materials.

7.3. Specific end use(s)

	No additional information available
--	-------------------------------------

SECTION 8: Exposure Controls/Personal Protection

8.1. Control Parameters

Local Exhaust	Provide sufficient mechanical (general and/or local exhaust) ventilation to maintain exposure below TLV9s).
General Exhaust	Recommended.

8.2. Exposure controls

Precautionary Measures	Avoid Eye Contact.
Hand protection	butyl rubber protection gloves
Eye protection	Use proper protection – safety glasses as a minimum. An emergency eye wash station should be accessible to the work area.
Respiratory protection	If spraying or other operations that generate an aerosol mist are conducted, respiratory protection for exposed personnel is recommended
Skin	Washing at meal time and end of shift is adequate
Other information	Do not eat, drink or smoke during use.

SECTION 9: Physical & Chemical Characteristics

9.1. Information on basic physical and chemical properties

Appearance:	Liquid
Color:	Purple
Odor:	Grape
Odor Threshold	Not determined
pH	7.5
Melting Point:	Not determined
Boiling Point	>212°F
Flash Point	>275°F
Freezing Point	Not determined
Auto-ignition Temperature	Not determined
Vapor Pressure	<1(low volatile)
Density @ 20 °C:	>1 Fall in air
Solubility	Dispersible
VOC content (% by weight)	0%

PBMG

Palm Beach Motoring Group

9.2. Other information

	No additional information available
--	-------------------------------------

SECTION 10: Stability & Reactivity Data

10.1. Reactivity

	No significant hazard
--	-----------------------

10.2. Chemical stability

	Stable
--	--------

10.3. Possibility of hazardous reactions

	No dangerous reactions known.
--	-------------------------------

10.4. Conditions to avoid

	No further relevant information available.
--	--

10.5 Incompatible materials

	No further relevant information available.
--	--

10.6. Hazardous decomposition products

	No dangerous decomposition products known.
--	--

SECTION 11: Toxicological Information

11.1. Information on toxicological effects

None Known	
------------	--

SECTION 12: Ecological Information

12.1. Toxicity

	No further relevant information available.
--	--

12.2. Persistence and degradability

	Not established
--	-----------------

12.3. Bio accumulative potential

	Not established
--	-----------------

12.4. Mobility in soil

	No further relevant information available
--	---

12.5. Other Adverse effects

Effect on ozone layer	No known effects
Effect on the global warming	No known ecological damage caused by this product.

SECTION 13: Disposal Considerations

13.1 Waste Treatment Methods

Waste disposal recommendations	Landfill and/or incinerate where permitted in compliance with all applicable Federal, State and local government regulations.
Ecology - waste materials	Disposal must be made according to official regulations.

PBMG

Palm Beach Motoring Group

SECTION 14: Transportation Information

DOT Road Shipment Information (49 CFR 172.101)	Non-Regulated. Keep away from food stuffs.
---	--

SECTION 15: Regulatory Information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture
Contents of this MSDS comply with the OSHA Hazard Communication Standard 29 CFR 1910.1200.

This product has been classified according to the hazard criteria of the CPR and the MSDS contains all the information required by the CPR.

TSCA (Toxic Substances Control Act):	All chemical substances in this material are included on or exempted from listing on the TSCA inventory of chemical substances.
Section 302 Extremely Hazardous Substances	None
Section 304 CERCLA Hazardous Substances	None
Section 312 Hazard Class	
Acute	No
Chronic	No
Fire	No
Pressure	No
Reactive	No
Section 313 Toxic Chemicals	None
Supplemental State Compliance Information	None

SECTION 16: Other Information

Further information

	The information supplied in this Safety Data Sheet is designed only as guidance for the safe use, storage and handling of the product. This information is correct to the best of our knowledge and belief at the date of publication however no guarantee is made to its accuracy. This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any other process.
